Periodic & Partial Payment Policy

If you send us your payment with additional funds and don't specify how you want that money applied, we will first post payment(s) to bring your loan current. Any remaining money will then be applied based on a payment hierarchy towards outstanding escrow shortages and fees before any funds are posted as a principal reduction. Funds may be applied based on the perceived customer intent. For example, if the received amount is equal to the periodic payment due plus an exact match to outstanding late charges due on the loan, PennyMac may apply the excess funds to late charge due amounts rather than applying excess funds to an escrow shortage. If the money you sent wasn't enough for a payment, it will be applied to your loan as unapplied funds. We may accept a payment that is less than your periodic payment by an amount up to \$10.00. We will use a corporate advance, which will be billed to your account, to make the full periodic payment. Depending on the requirements of your loan documents, owner/insurer/guarantor of your loan or applicable law, and depending on the status of your account, partial payments that are outside the tolerances described above may be promptly returned to you, applied to your account, or held in a non-interest bearing account until additional funds sufficient to equal a periodic payment are received.

Credit Reporting Information

We may report information about your account to credit bureaus. Late payments, missed payments, or other defaults on your account may be reflected in your credit report.

Important Consumer Information

This is an attempt by a debt collector to collect a debt and any information obtained will be used for that purpose. However, if your account is subject to pending bankruptcy proceedings or if you have received a discharge in bankruptcy, this statement is for informational purposes only and is not an attempt to collect a debt against you personally.

Requests for prior payment adjustments: To request funds for a prior payment be applied differently, you **must** notify PennyMac within 90 days of the original transaction. After 90 days, we will only change the application of funds if the transaction was applied contrary to your documented instructions. Review the Periodic & Partial Payment Policy for more information.

** If you are enrolled in a PennyMac Auto-Pay program, and received a payment change notification, the new payment amount will be drafted on your scheduled draft date. (The principal curtailment amount will not change.) If you pay via online bill payment, please update the payment amount with your financial institution to ensure timely processing of your payment.*

*** When you pay with a check, you authorize PennyMac either to use information from your check to make a one-time electronic fund transfer (EFT) from your account, or to process the payment as a check transaction. When we use information from your check to make an EFT, funds may be withdrawn from your account on the same day PennyMac receives your payment. Please note that your financial institution will not send back your check. If funds are returned unpaid, a return service charge may be assessed to your loan whether processing your payment as a check or an EFT, as allowed by applicable law.*

In accordance with the Fair Debt Collection Practices Act, 15 U.S.C. section 1692 et seq., debt collectors are prohibited from engaging in abusive, deceptive, and unfair debt collection efforts, including but not limited to: (i) the use or threat of violence; (ii) the use of obscene or profane language; and (iii) repeated phone calls made with the intent to annoy, abuse, or harass.

Instructions for Payer/Borrower

A person (including a financial institution, a governmental unit, and a cooperative housing corporation) who is engaged in a trade or business and, in the course of such trade or business, received from you at least \$600 of mortgage interest (including certain points) on any one mortgage in the calendar year must furnish this statement to you.

If you received this statement as the payer of record on a mortgage on which there are other borrowers, furnish each of the other borrowers with information about the proper distribution of amounts reported on this form. Each borrower is entitled to deduct only the amount he or she paid and points paid by the seller that represent his or her share of the amount allowable as a deduction. Each borrower may have to include in income a share of any amount reported in box 4.

If your mortgage payments were subsidized by a government agency, you may not be able to deduct the amount of the subsidy. See the instructions for Schedule A, C, or E (Form 1040) for how to report the mortgage interest. Also, for more information, see Pub. 936 and Pub. 535.

Payer's/Borrower's taxpayer identification number (TIN). For your protection, this form may show only the last four digits of your TIN (SSN, ITIN, ATIN, or EIN). However, the issuer has reported your complete TIN to the IRS.

Account number. May show an account or other unique number the lender has assigned to distinguish your account.

Box 1. Shows the mortgage interest received by the recipient/lender during the year. This amount includes interest on any obligation secured by real property, including a mortgage, home equity loan, or line of credit. This amount does not include points, government subsidy payments, or seller payments on a "buydown" mortgage. Such amounts are deductible by you only in certain circumstances.

If you prepaid interest in 2021 that accrued in full by January 15, 2022, this prepaid interest may be included in box 1. However, you cannot deduct the prepaid amount in 2021 even though it may be included in box 1.

If you hold a mortgage credit certificate and can claim the mortgage interest credit, see Form 8396. If the interest was paid on a mortgage, home equity loan, or line of credit secured by a qualified residence, you can only deduct the interest paid on acquisition indebtedness, and you may be subject to a deduction limitation.

Box 2. Shows the outstanding principal on the mortgage as of January 1, 2021. If the mortgage originated in 2021, shows the mortgage principal as of the date of origination. If the recipient/lender acquired the loan in 2021, shows the mortgage principal as of the date of acquisition.

Box 3. Shows the date of the mortgage origination.

Box 4. Do not deduct this amount. It is a refund (or credit) for overpayment(s) of interest you made in a prior year or years. If you itemized deductions in the year(s) you paid the interest, you may have to include part or all of the box 4 amount on the "Other income" line of your 2021 Schedule 1 (Form 1040). No adjustment to your prior year(s) tax return(s) is necessary. For more information, see Pub. 936 and *Itemized Deduction Recoveries* in Pub. 525.

Box 5. If an amount is reported in this box, it may qualify to be treated as deductible mortgage interest. See the 2021 Schedule A (Form 1040) instructions and Pub. 936.

Box 6. Not all points are reportable to you. Box 6 shows points you or the seller paid this year for the purchase of your principal residence that are required to be reported to you. Generally, these points are fully deductible in the year paid, but you must subtract seller-paid points from the basis of your residence. Other points not reported in box 6 may also be deductible. See Pub. 936 to figure the amount you can deduct.

Box 7. If the address of the property securing the mortgage is the same as the payer's/borrower's, either the box has been checked, or box 8 has been completed.

Box 8. Shows the address or description of the property securing the mortgage.

Box 9. If more than one property secures the loan, shows the number of properties securing the mortgage. If only one property secures the loan, this box may be blank.

Box 10. The interest recipient may use this box to give you other information, such as real estate taxes or insurance paid from escrow.

Box 11. If the recipient/lender acquired the mortgage in 2021, shows the date of acquisition.
